Dear Dr. Riland:

I sincerely appreciate your letter of August 11, 1959, and wish to thank you again for all that you did for me during our stay in Puerto Rico, and also for the pleasure it has been to make the acquaintance of Mrs. Riland and you.

Furthermore, I am delighted to say my back trouble seems to have almost entirely disappeared. I do not know whether to give the credit to the Good Lord, or to you, but as my means of communication with you are somewhat more reliable, I gladly give the credit to you. I shall be writing you again in a few weeks to give you a progress report and, hopefully, to let you know that all traces of the trouble have disappeared. At any rate, I consider myself about seventy five per cent cured, and with the prospect of ten days holiday beginning next week, maybe that will finish the job.

With kindest regards to Mrs. Riland and you, I remain

Sincerely,

Allen W. Dulles
 Director
